

## **IMPORTANT UPDATE TO RESIDENTS As at 19 DEC 2013**

### **Monday 13 to Thursday 23 January 2014**

**Underboring works have been re-scheduled for 11 consecutive days (including the weekend) from Richard Rd down the stairs area to Bells Wharf.**

**Richard Rd at the top of the stairs will be blocked to vehicle traffic however the remainder of Richard Rd will be open.**

*The mooring area around Bells Wharf will need to be clear of vessels immediately to the south between these dates to make way for Ausgrid's barges to occupy the area.*

### **Monday to Friday 3-7 February 2014**

**Supply to Scotland Island will be interrupted again on Monday 3rd February between 8am to 2pm. Generator supply will resume for 5 days until Friday 7th February where again between 8am and 2pm power would be restored to the island in four stages to allow gradual shut down of the four generators. Please ensure all electrical equipment is switched off on Monday the 3<sup>rd</sup> and Friday 7th February between 8am and 2pm to avoid possible damage.**

**For further information you can contact us on the numbers below during office hours.**

**Please see attached official outage notifications.**

# Interruption to power supply

To the occupant,

Ausgrid is carrying out essential upgrade and maintenance work on the local electricity network.

Crews plan to **carry out work to improve the way power is supplied in your area.**

Power supply to your building will be temporarily interrupted to allow crews to safely do the work.

## Planned power outage

### SCOTLAND ISLAND

Date: **Monday 3 February 2014**

Start Time: **0800hrs**

Finish Time: **1400hrs**

Duration: **6 hrs**

We recommend you take some basic precautions before and during the interruption:

- Switch off either your main switch or separately switch off electronic equipment such as computers, televisions, stove or oven, garage doors and alarms.
- Notify your security company of the interruption to make sure alarms operate correctly without power.
- Switch off water pumps and three phase motors associated with air conditioning plants and lifts.
- Avoid opening fridges or freezers. Frozen food can last for 24 hours if the freezer door is left closed. Food in fridges can last for about 10 hours.

Our aim is to minimise disruption caused during the work, however the times listed may change in the event of unforeseen circumstances or weather.

You do not need to switch off or adjust any solar installation before or during the interruption.

We apologise for the inconvenience this essential work may cause.

## Contact us

For more information before the interruption, please contact Ausgrid:

**Michael Stanbury 8569 6380**

On the day of the interruption, contact Ausgrid:

**Ross McIntosh 8569 6380**

After hours: call Ausgrid on 13 13 88.

Ausgrid is permitted under the energy laws and its Deemed Standard Connection Contract to interrupt the supply of electricity for the planned maintenance, repair or augmentation of its distribution system. This notice has been prepared to comply with the requirements of those energy laws including Rules 89 and 90 of the National Energy Retail Rules, section 52 of the NSW Electricity Supply Act and clause 10 of Ausgrid's Deemed Standard Connection Contract. Any enquiries regarding planned interruptions should be directed to Ausgrid, as the electricity distributor on the above numbers, not your retailer.

قطع مؤقت للتيار الكهربائي (إذا سمحت الأحوال الجوية).	Interruzione provvisoria dell'elettricità (condizioni del tempo permettendo).	Привремени прекид довода електричне струје (ако временске прилике дозвољавају).
在天氣許可的情況下，本公司將暫停供電。	Привремен прекид на струју (ако дозвољаваат временските прилики).	Interrupción temporal del suministro de electricidad (si el tiempo lo permite).
Privremeni prekid dovoda električne struje (ako vremenske prilike to dozvoljavaju).	Qtugh temporanju tad-dawl (jekk it-temp jippermetti).	Hava elverişli olursa geçici bir süre için elektrik kesilecektir.
Προσωρινή διακοπή ηλεκτρικού (καιρού επιτρέποντος).	Tymczasowa przerwa w dopływie elektryczności (przy sprzyjającej pogodzie).	Tạm Cúp Điện (Việc sửa chữa tùy theo thời tiết).
