

Valued at
\$5,000

Win a day sail for two on Team Australia Sean Langman's Orma 60 trimaran The fastest boat in the southern hemisphere!

Fragile X syndrome is a genetic condition. It is the most common cause of intellectual disability and single gene cause of autism. Each week in Australia one child is born who is fully affected and 20 children are born who are carriers of the Fragile X gene.

Enter the Fragile X Association's raffle and raise funds to support families affected by Fragile X syndrome. Buy a ticket for \$10 or a book of 10 and get 1 ticket free!
Drawn on 22 July 2014

**To purchase tickets phone 1300 394 636
or email support@fragilex.org.au**
