

Dear friends our final post

We would like to say thank you for the many years of fun, laughter and community spirit. It is with regret that we cannot farewell you all in person. We are on an adventure to places as yet unknown.

When we get there you will always have a place to stay with us

We also want to say a special thanks to our community friends who have supported us in the past 2 months, 2 of the most difficult of our lives.

Thanks for all the fish (soup, cakes, casseroles and cars )

Farewell and forever yours Paul and Tracy
